CERTIFICATION AND EDUCATION FOR EYE CARE EXCELLENCE

July 2007 Volume 41, Number 3

JCAHPO's 35th ANNUAL CONTINUING EDUCATION PROGRAM

Hilton New Orleans Riverside Hotel
November 9-13, 2007

Program Site

JCAHPO & ATPO:

Courses for ophthalmic medical personnel (OMP) will be held at the Hilton New Orleans Riverside Hotel, 2 Poydras Street, New Orleans, LA 70140.

American Academy of Ophthalmology:

The exhibit hall and courses for physicians will be located at the Ernest N. Morial Convention Center, 900 Convention Center Blvd.

Hotel Reservations

The Hilton New Orleans Riverside has come a long way since Hurricane Katrina, and has received over \$66 million for a series of ongoing improvements. So far, the hotel has completed \$40 million in renovations, including the front desk and business center, and improvements will continue into 2008.

Hotel reservations must be made through the AAO Housing Bureau. Reservations opened to Academy members on June 20, and will open to non-members, including OMP on July 11. The AAO Housing Form is available on the JCAHPO & ATPO Web sites.

Bulletin

Meeting bulletins were mailed in early July. Be sure to check the Web site for annual meeting updates, as we will continue to post information there, including the handouts in early October.

The City of New Orleans

Visit the New Orleans Convention & Visitors Bureau Web site at www.neworleanscvb.com. Here you will be able to find answers to all of your questions, view a video about the state of the city of New Orleans, make dinner reservations, print valuable coupons for shopping, dining, tours, etc., and read testimonials from attendees whose conventions have been held in New Orleans since Hurricane Katrina. Links to all this and more can be found on the JCAHPO, ATPO, and AAO Web sites.

JCAHPO Course Tracks

JCAHPO has identified several tracks for this year's program. Course tracks include Basic Ophthalmic Assisting, Pediatrics, Practice Management, and Retina. Basic Ophthalmic Assisting courses are specifically identified for the entry-level ophthalmic assistant, and are available in the same room over two days.

Sub-Specialty Sessions

Start your JCAHPO program early! This year JCAHPO will offer its popular sub-specialty sessions on Friday, November 9. These are the only courses offered on Friday, and you can earn up to six JCAHPO A Credits for attending both a morning and an afternoon session. The four topics this year include cataract, glaucoma, refractive, and neuro-ophthalmology. Also offered this year is a

President's Message

Kenneth E. Woodworth, Jr., COMT, COE

Dear Certificant:

While it seems that summer has just begun, JCAHPO is busy preparing for the fall...specifically, our 35th Annual Continuing Education Program, November 9-13 in New Orleans! We are excited to return to this delightfully historic city and look forward to you joining us there!

Program bulletins will be arriving in your mailbox in early July. Early-bird registration ends on August 31, so be sure to register early to take advantage of the discount pricing and ensure your spot in the classes!

Have you had an opportunity to visit our newest Web site, www.myjcahpoce.org? Here you are able to access numerous online courses that include video, audio, and PowerPoint presentations. This site allows you to earn CE credit at your own pace, at any time, from any place. See page 8 for more details.

Take some time to visit the JCAHPO Online Service Center, too! By logging on to the Service Center, you can view a record of your CE credits, register for meetings online, update your personal information (such as address, phone number, and email address) and view your certification summary, including your recertification date.

If you would like an easy way to keep track of all those CE credit papers needed for recertification, send them to us! When you need to know how many credits you have to date, just log on to the Online Service Center and see all of your credits right there! Plus, if you're audited during the recertification process, there's no need to submit any paperwork, as we will have all of your information already here in our office!

I encourage you to read the article on A/B credit in this issue, which outlines the differences between A and B credit and the policies about them. Common questions about why courses are given A or B credit and why physician courses are given B credit are answered in the article.

Enjoy the summer and we'll see you in New Orleans this fall!

COA EXAMINATION CONTENT CHANGES ANNOUNCED

The proposed percentage and category changes to the COA multiple-choice examination, which were posted in January's Eye Lights, have been delayed until 2008. For more information on the future percentage/category changes, please refer to the JCAHPO Web site at <http://www.jcahpo.org/newsite/coaexamchanges.pdf>.

Percentages of Each Category within COA Test Effective Summer 2008

Category	Percentage
Administrative and Clerical Duties	14%
Color Vision, Basic Skills, Pupil Function, History Taking	12%
Communication Skills/Interpersonal Communications/Psychology of Communication	14%
Contact Lenses	3%
Equipment Maintenance and Repair	3%
Medical Ethics and Legal Issues	7%
Microbiology and Pharmacology	6%
Ocular Motility	3%
Ophthalmic Patient Services	19%
Ophthalmic Photography	3%
Optics/Opticianry	5%
Specialized Ophthalmic Testing	3%
Tonometry	3%
Visual Fields	5%

Each category that had tasks assigned to the COA test was assigned at least 3% of the test to ensure there were enough items for a valid assessment.

brand-new format for the neuro-ophthalmology session. Assume the role of detective as patients referred for unexplained visual symptoms are presented to the audience by a panel of ophthalmologists during this Grand Rounds-style sub-specialty session. No additional fee if registered for JCAHPO's Full Package.

Dockside Reception!

On Saturday, November 10, ATPO members and 125 lucky first-time JCAHPO attendees will have the opportunity to enjoy a dockside reception, sponsored by Essilor of America, Inc. and Novartis!

AAO Exhibit Hall Pass

JCAHPO and ATPO, in collaboration with The American Academy of Ophthalmology, are including exhibit hall passes on the JCAHPO/ATPO registration form to allow you a "one-stop shopping" experience!

These passes are being offered at a specially-reduced fee of \$75.00 to JCAHPO and ATPO attendees, and are good for the entire four days at the exhibit hall. The Ernest M. Morial Convention Center is situated directly across the street from the Hilton Riverside Hotel.

Be sure to stop by the JCAHPO/ATPO booth, #3649 at the Ernest N. Morial Convention Center!

Handouts on the Web

Course handouts will be available to registrants on the JCAHPO and ATPO Web sites beginning in October, and will be accessible for approximately one month after the meeting. **You will not receive a handout when entering a classroom.**

Prior to the meeting, please visit www.jcahpo.org and www.atpo.org to view and print the handouts you need. If additional handouts are needed during the meeting, please utilize the business center at your hotel to print them out. Be advised that hotels typically charge a fee for this service. **JCAHPO and ATPO will not provide handouts onsite.**

JCAHPO Onsite Bookstore

Visit the JCAHPO Bookstore for the latest ophthalmic publications, JCAHPO COA, COT, and COMT Exam Study Guides, the 2007 ATPO Salary Survey, and more!

Hot off the presses! 2007 ATPO Salary and Benefits Report, and Flash Cards for COMT, Surgical Assisting, and ROUB. An order form will also be available on the JCAHPO & ATPO Web sites following the meeting.

Be sure to stop by and shop for your study and reference needs. The bookstore will be located at the Hilton Riverside (Friday-Monday) in the HEC Ballroom.

Harold A. Stein Lecture presented by Tom Sullivan and sponsored by Allergan Sunday, November, 11 at 8:00 am.

Tom Sullivan, known to many as an actor, singer, entertainer, author, and producer, will present "Seeing Lessons - 14 Life Secrets I've Learned Along the Way." His book of the same name won the 2004 Books for a Better Life Award. Tom is also the New York Times bestselling author of *If You Could See What I Hear*, his memoir, which was turned into a major motion picture.

EARN YOUR WAY TO JCAHPO's ANNUAL CE PROGRAM!

EXCERPT FROM "BEST CLINIC TIPS" MAY WINNER

Develop recipe cards or work-up cards for each type of work-up required in your office and color-code them according to your doctors. In our office we have them for newer employees who may begin to work-up in another doctor's area and may need some guidance. They specifically tell you what is required for an IOP check, new patient exam (adult) new patient exam (child), for individual doctors. They go through every possible type of work-up required from infancy to adulthood relevant to our practice. We have five doctors so these cards are quite helpful. These work-up cards would go over a LASIK evaluation work-up for a particular doctor, a ptosis evaluation, a muscle evaluation, etc. Again, they are color-coded for a particular doctor's preference. We have them laminated in our tech work-up area, grouped by doctor, and stored in a metal box, like a recipe box. Newer employees can actually pull a card out for a particular doctor and type of visit with that work-up requirement. They then use this as a card or recipe to follow each step and take it with them as a check-off list or resource as they progress through the work-up process. Michelle Willis, COMT/Tallahassee, FL

HURRICANE RELIEF SCHOLARSHIPS DEADLINE EXTENDED

If you were affected by the 2005 hurricanes in the Southeast, you may be eligible for a scholarship for continuing education, recertification fees, and/or examination fees. The deadline for these scholarship applications has been extended to **December 31, 2007**. Please visit www.jcahpo.org to view the guidelines and application on the Foundation pages under "About JCAHPO."

FEDERAL EMPLOYEE CONTRIBUTIONS

The JCAHPO Education and Research Foundation is once again certified in 2007 in the Combined Federal Campaign for federal employees, and is listed as a national/international unaffiliated agency in the CFC publication. NOTE: The JCAHPO Education and Research Foundation was assigned a NEW 5-DIGIT CODE: **10889**. Federal employees may select organizations of their choice from this publication and make their contributions pre-tax, via payroll deductions. Find out more about CFC at www.opm.gov/cfc

PLANNED GIVING

Experience peace of mind by taking control of the future in ways to benefit you, your loved ones, and the world around you. A planned gift to the JCAHPO Education and Research Foundation will ensure a continuation of your commitment to the values of our profession for years to come, and will enable the Foundation to continue to provide valuable support to JCAHPO to further its mission to utilize high-quality ophthalmic medical personnel for the ultimate benefit of our patients.

Common Sense Ideas About Wills and Estate Plans

Did you know that if you want control over who receives your property, you need a will, even if your estate is modest, or your heirs few? Most states allow the establishment of a will at the minimum age of 18. If you name a non-profit such as JCAHPO as a beneficiary in a legal document, i.e., retirement plan, life insurance policy, or charitable remainder trust, remember to use the EXACT legal names and addresses to avoid confusion and court procedures. Update your will periodically as wealth increases or decreases, if the needs of a loved one change, or your charitable preferences or the tax laws change. A well-drafted will can save your heirs confusion and taxes.

To order information about planned giving and any of the many opportunities available, please call the JCAHPO Education & Research Foundation at (651) 731-7246.

GROUP A AND GROUP B CREDIT STRUCTURE

Earning and submitting continuing education credits are a part of JCAHPO's recertification process. Since 2001, JCAHPO has divided credits into two categories: Group A and Group B. In order to maintain certification at the Basic, Intermediate, or Advanced levels, a combination of A/B credits is submitted every three years (see page 22 in the "Criteria for Certification & Recertification" handbook). As with every policy, the Group A/B structure is periodically reviewed by both the Education and Certification Committees to ensure that the requirements accurately reflect the profession and JCAHPO's overall mission.

What's the difference between A & B credits?

In general terms, courses awarded JCAHPO Group A credits meet several requirements. First, they represent tasks that the profession has identified as impacting the day-to-day duties of ophthalmic medical personnel. A survey of both ophthalmologists and technicians, which JCAHPO conducts every five years, identifies these tasks. The information from this job-task analysis survey becomes the basis of JCAHPO's certification examination, and consequently its recertification requirements. Group A credits must relate to the content areas tested at each level of certification.

Another requirement is that all Group A courses must be submitted for pre-approval by the instructor or organization delivering the course. This means that JCAHPO only awards Group A credit to a qualifying course if it is submitted for review prior to the delivery of the course. If a course does not receive this pre-approval, it cannot be awarded Group A credit, even if the content is relevant.

Certificants may take additional courses in order to maintain other credentials, or are helpful in performing tasks in their particular clinic. These courses may not relate to JCAHPO's certification content areas. For this reason, JCAHPO created Group B credits. While the number of credits in this category is limited (see page 22 in the "Criteria for Certification & Recertification" handbook), it is a way to allow certificants to use knowledge-based opportunities toward their recertification that would not ordinarily be applicable.

One aspect of Group B credits that JCAHPO is commonly asked about is regarding AMA Category 1, physician CME courses. Physician course content is generally focused on content physicians need to perform their job and relate to diagnosis and treatment of a disease. While a technician may find value in some of the information provided in these courses, the scope of the courses is beyond the task level that a COA, COT, or COMT is certified to perform.

Benefits of Group A/B Credits

While at times the Group A/B credit structure may seem frustrating when you are trying to earn all of the credits necessary to recertify, there are benefits: the process maintains a fair and equal recertification requirement for all certificants; it allows credits that would not normally be accepted to be submitted; and by relating to the examination content areas, it attests to your knowledge in tasks that the profession has deemed as important.

What are ways to earn credits?

There are many ways to earn both Group A and B credits that can fit with any schedule. Listed below are some of the options. For a more detailed list, please refer to page 21 in the "Criteria for Certification & Recertification" handbook.

Group A

- Attend lectures or workshops that are awarded JCAHPO Group A credit (Ex: JCAHPO's Annual or Regional meetings).
- Complete independent study with a quiz that is awarded JCAHPO Group A credit.
- Complete Group A approved online or distance learning courses, delivered through MyJCAHPOCE.org or other sources.

Group B

- Attend lectures or workshops that have been awarded JCAHPO Group B credit.
- Attend Grand Rounds or AMA Category 1 Physician CME courses.
- Complete self-study.

If you have any questions related to the recertification process, please contact the Certification Department at (800) 284-3937, ext. 228, or ext. 242.

Congratulations to the following individuals who earned a certification credential from March 1, 2007 to May 31, 2007.

The process of awarding JCAHPO CE credit includes, but is not limited to, submission of program outlines by prospective instructors. While JCAHPO does not assume responsibility for the content and quality of programs, each program awarded CE credit should correspond to the instructor's program description and be professional in substance and presentation. As part of the JCAHPO evaluation process, participants are encouraged to communicate their comments on programs directly to JCAHPO.

For questions regarding any of the programs listed in this publication, or about the CE program approval process, please contact our Education Department at (800) 284-3937. Continuing Education program listings are regularly updated on the JCAHPO Web site.

JCAHPO CD LECTURE PACKETS — Selected lectures from previous meetings have been audiotaped and videotaped. These courses are available on CD that contain a handout and a quiz; 1 JCAHPO CEC (Group A or B depending on lecture content) for each 1-hour lecture and accompanying quiz.

Program Contents:

- Keratometry
- Ocular Motility
- Tonometry
- Lensometry
- Retinoscopy/Refinement
- Visual Fields

Interactive screen example

Endorsed by the International Medical Contact Lens Council (IMCLC) as a valuable training tool for ophthalmic professional staff.

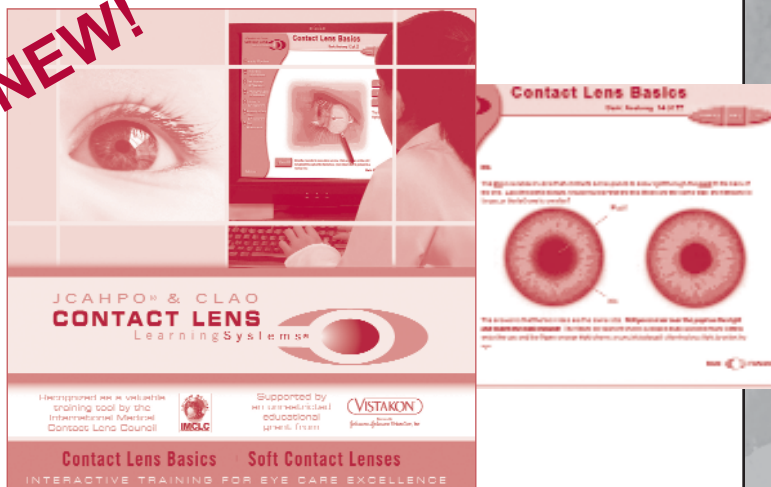

The Contact Lens Learning Systems includes five courses that cover several key areas of contact lens patient care, including:

- Basic Eye Anatomy & Physiology
- Physical, Geometric, & Physiologic Optics
- Instrumentation
- Corneal Topography
- Contact Lens Optics
- Contact Lens Types and Properties
- Basic & Advanced Contact Lens Fitting

The first CD, available now, includes Contact Lens Basics and Soft Contact Lenses; the second CD, available soon, will teach about Rigid Gas Permeable Contact Lenses and Advanced Contact Lens Fitting.

NEW!

These state-of-the-art CD-ROMs offer cost-effective in-office training that can be used over and over again for self-administered learning without disrupting office schedules or inconveniencing patients. Learning Systems can be used by individuals anywhere there is computer access, and also for group training to enhance patient care, efficiency, and productivity. Both Learning Systems CDs offer true-to-life, interactive computer simulation, custom animation, and video techniques.
