

MEMPHIS TENNESSEE

Saturday
July 17, 2010

Program Topics

Saturday, July 17 - 7 Group A Credits

- OCT Imaging
- Retina TechTraxSM Retina and Imaging Symposia:
Improving Patient Care for Retinal Neovascular Disease
- Slit Lamp Techniques
- Ultrasound Biometry

Location

Memphis Marriott Downtown
250 North Main St.
Memphis, TN 38103

Workshops sponsored by:

Saturday, July 17, 2010

7.0 Group A JCAHPO CE Credits

7:30 - 8:00 a.m.

REGISTRATION AND CONTINENTAL BREAKFAST

8:00 - 12:15 p.m.

(4 A credits)

TECHTRAXSM RETINA AND IMAGING SYMPOSIA - IMPROVING PATIENT CARE FOR RETINAL NEOVASCULAR DISEASE - Carl Awh, MD, and AC Harper, III, MD

This brand-new curriculum provides cutting-edge, clinically-relevant news about common retinal diseases; accompanied by a hands-on workshop where you will learn how to provide quality images for retinal diseases. This full day course is ideal for anyone who wants to better understand the mechanisms, symptoms, and latest treatments of neovascular retinal disease. Retina specialists and experienced technicians will engage you in interactive sessions and demonstrations. The Symposia will focus on key elements of retinal vein occlusion, diabetic retinopathy, diabetic macula edema, and age-related macular edema.

BREAK

10:00 - 10:15 a.m.

12:15 - 1:15 p.m.

LUNCH

1:15 - 4:45 p.m.

(3 A credits)

WORKSHOP BREAKOUTS

Choose from the following workshops: Each participant will have the opportunity to attend each workshop.

OCT WORKSHOP - Joseph Hatfield, Zeiss Representative

This course will serve as an introduction to high definition optical coherence tomography (OCT), an imaging modality that uses cross-sectional imaging in the assessment of eye diseases. Scan modes, analysis, and techniques needed to capture high quality images will be reviewed and demonstrated. A hands-on workshop will be offered following this lecture. Zeiss equipment will be used. Objectives:

- 1) Discuss the principles of OCT with the Cirrus HD-OCT;
- 2) Describe the techniques of obtaining a Cirrus HD-OCT scan;
- 3) Identify a good scan vs. a poor scan.

SLIT LAMP WORKSHOP - Mark Maio, FOPS, and Nate Klingensmith - Haag-Streit Representatives

Uses of various types of illumination will be discussed and practiced. Convergent and parallel optical systems will be reviewed. Haag-Streit models will be used. Objectives:

- 1) Identify three main components of the slit lamp;
- 2) Demonstrate the setup of each method of illumination;
- 3) Describe the best type of illumination used for a specific situation.

ULTRASOUND WORKSHOP - Gus Kohn, COT, ROUB, CDOS, CRA - Ellex Representative

This course will provide comprehensive hands-on training in the fundamental skills needed to perform a basic diagnostic B-scan examination of the eye. Terminology and basic principles of examination will be demonstrated at the instrument. Students will have an opportunity to perform diagnostic B-scan evaluations on each other, and to learn proper techniques of examination to provide the physician with a detailed echographic picture of the globe and orbit. Ellex equipment will be used. Objectives:

- 1) Demonstrate the basic probe positions for an echographic evaluation of the globe and orbit;
- 2) Demonstrate familiarity with the instrument screen and describe what part of the eye is being viewed;
- 3) Explain how to properly label printouts of the examination for future reference according to standard procedures and protocols.

4:45 p.m.

ADJOURN

General Information

Tennessee Continuing Education Program

For additional information regarding registration, contact JCAHPO at (800) 284-3937 or e-mail registrations@jcahpo.org.

REGISTRATION

Participants must submit a completed registration form and payment by **July 9, 2010**. Registration by fax to (651) 731-0410 or online at www.jcahpo.org/registration/ is accepted if fees are charged to a credit card.

CONFIRMATION

Acknowledgment of registration will be mailed or e-mailed to you.

HANDOUTS

JCAHPO will **not** provide printed handouts onsite. A link to course handouts will be e-mailed to registrants one week prior to the meeting date. Handouts will be available online for two weeks following the meeting date.

CANCELLATIONS/REFUNDS

All cancellations and requests for refunds must be received by JCAHPO in writing no later than **July 9, 2010**. No refunds are granted after that date, regardless of the reason, unless JCAHPO cancels the conference. A processing fee of \$75 is deducted from each cancelled registration to cover a portion of the costs JCAHPO incurs. If your registration total is less than \$75, no refunds are made. ATPO Memberships are non-transferable and non-refundable.

CONTINUING EDUCATION CREDITS

This program has been awarded 7.0 Group A JCAHPO continuing education credits. Continuing education credits earned will be posted on your account at www.jcahpo.org approximately 6-8 weeks after the program for participants who complete evaluation forms. **NOTE: Attendance is monitored for each hour of instruction. Participants absent for more than 15 minutes of any given hour will not receive credit for that hour.**

NOTE: Please be advised that temperatures in meeting facilities are difficult to regulate; therefore, for your comfort, please bring a jacket or sweater. Cell phones MUST be turned off during the program, or you may be asked to leave the classroom. Thank you.

HOTEL

There is no room block available for this meeting.

LOCATION

Memphis Marriott Downtown
250 North Main Street
Memphis, Tennessee 38103
(901) 527-7300
www.marriott.com

PARKING

Parking is available on-site or at other downtown parking ramps for between \$5-\$20 per day.

ABOUT MEMPHIS

Memphis is much more than Elvis Presley's hometown. Memphis is music, memories, and the Mississippi River. The Memphis Marriott Downtown Hotel is located on the Memphis Trolley line and is close to shopping, museums, entertainment, and the exciting nightlife of Beale Street. Do not miss the nearby National Civil Rights Museum, the Brooks Museum of Art, AutoZone Park, and the FedEx Forum. After the meeting, stay downtown for dinner at one of many restaurants located less than a mile from the hotel, including world-famous BBQ, nationally-renowned hickory charcoaled steaks, fresh seafood, and much more!
